Sandstone

Room Divider: By-Pass Track System with 3½" Louvers & Decorative Valance;  
French Doors & Windows: Clearview® in Cotton; 2½" Louvers

## Clearview®

- Rear tilt control provides an unobstructed view, leaving a clean, contemporary look
- Louvers can be closed tightly in both directions
- This method has eliminated unsightly staples or gears which tend to break or rust
- No unsightly mouse holes

## By-Pass and Bi-Fold Track Systems

- Patio Doors
- Deluxe Divider Rail provides a built-in handle for opening your shutter
- Exclusive Decorative Valance

### Alternative Uses:

- Closets and Doors
- Room Dividers in lofts and basements to define a living space

Clearview® in Pearl, 4½" Louvers & Trim Frame

Tilt-Bar in Cotton, 3½" Louvers & Deluxe Trim Frame

Closet: Bi-Fold Track System in Pearl in 3½" Louvers & Decorative Valance;  
Windows: Traditional Tilt-Bar in 3½" Pearl with Casing Frame

## Patented Tilt-Bar

- Enables louvers to be closed tightly in both directions
- This method has eliminated unsightly staples or gears which tend to break or rust
- No unsightly mouse holes

## Specialty Shapes

- Available in Elliptical, Eyebrow, Half-Circle, Quarter-Circle, and Tunnel
- Custom made to match the horizontal louver design creating a uniform look from top to bottom
- Available in Patented Tilt-Bar or Clearview®
- Available in 2½" and 3½" louver sizes

French Door Cutout, Clearview® in Cotton with 3½" Louvers

## French Door Cutout

- Custom made to solve your design needs
- Contoured design to accommodate all the latest door options
- Handle operates freely without interference from the shutter
- Available with Patented Tilt-Bar or Clearview®
- Available with 2½" and 3½" louver sizes

Half-Circle Arch with Traditional Tilt-Bar in Cotton with 3½" Louvers
